Election/Restrictions

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-20, 55, 60-64, drawn to a process for making a lubricant having a step of dehydration of alcohol, classified in class 585, subclass 327.
- II. Claims 21-41, drawn to a process for making a lubricant having a step of dehydrogenation of hydrocarbon, classified in class 585, subclass 330.
- III. Claims 42-54, 56-59 drawn to lubricant, classified in class 208, subclass 18.

The inventions are distinct, each from the other because of the following reasons:

Inventions I/II and III are related as process of making and product made. The inventions are distinct if either or both of the following can be shown: (1) that the process as claimed can be used to make other and materially different product or (2) that the product as claimed can be made by another and materially different process (MPEP § 806.05(f)). In the instant case the process as claimed can be used to make other and materially different product such as wax.

As for Group I, the “dehydration step of alcohol” specifically called for in the claims of Group I are not required by any one of Groups II. Conversely, Group I does not require the essential features of Groups II (dehydrogenation of hydrocarbon)

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Art Unit: 1764

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
